Pomona, CA 91768

OBJECTIVE

To obtain an internship in Civil Engineering that will utilize effective project management and technical skills to implement design analysis and optimization.

EDUCATION

North China University of Technology, Beijing, Sep. 2014 – July 2017

California State Polytechnic University, Pomona, June 2018

TECHNICAL SKILLS

- Auto CAD - basic Architectural drawing
- Microstation - Road and Freeway design and drawing
- Structural Mechanics Solver - Flat Structure drawing, Structural Load analysis, Influence Line analysis and Internal Force Envelope analysis
- Microsoft Office - flexibility to use Office Software to finish data analysis and complete the work

RELATED COURSEWORK

- Structural Design-Reinforced Concrete
- Traffic Engineering
- PTV Vissim 10
- Highway Engineering

ACADEMIC PROJECTS

- Freeway Design using Microstation Inroad
- Reinforced Concrete Design
- Civil Engineering Construction Design
- Computer Aids Design of Civil Engineering
- Mortar Mix Ratio Design

EXPERIENCE

- Student Union Officer
- School Organization Minister
